

**BE OPEN  
BE GLOBAL  
BE NIMBLE**

## WAREHOUSE/ASSEMBLY OPERATIVE

Part of the Kinshofer Group, Auger Torque is a highly successful, fast-growing manufacturing and engineering Company in the Earthmoving Attachment market with global distribution and dealer networks. We manufacture innovative hydraulic attachments used with excavators and associated construction equipment.

With sites in UK, Australia, USA and China we are a global business satisfying the demand for high-quality products in over seventy countries on all seven continents.

## THE ROLE

This is a permanent position within our Warehouse and Production Team at our **Hazleton** site. This varied position will join our product assembly and warehouse team, completing a wide range of tasks across the entire production and dispatch areas, ensuring a professional and efficient working environment and work ethic in line with the company's core values being; nimble, global and open.

## KEY RESPONSIBILITIES

- Reading and comprehending instructions and following established procedures.
- Assembly of the Auger Torque product range to the highest standards.
- Maintain records of production quantities and time.
- Report any issues, missing, or defective parts
- Receive incoming pick lists and retrieve orders accurately in priority order.
- Build pallets with orders and position them to loading bays.
- Wrap orders as directed and load delivery trucks.
- Unload stock from containers and accurately store in warehouse.
- Move stock between departments as required.
- Maintain a clean, safe, and organised work environment by complying with procedures, rules, and regulation.

## YOU

- ✓ You have the ability to comprehend and follow detailed verbal or written instructions, as well as diagrams and other technical documents;
- ✓ You can use a variety of tools safely
- ✓ You are adaptable, able to learn new skills quickly, diligent and punctual - but above all: detail oriented
- ✓ You have experience of a fast-paced production environment, in particular warehouse experience and an up-to-date forklift truck license.
